

## Deepwater Horizon Discussion

The *Deepwater Horizon* oil spill happened over 7 years ago, but its effects are still being felt in our coastal ecosystem.

The **East Regional Library** will host a viewing of a Planet Earth documentary

on the oil spill as well as a discussion of the efforts of the Coastal Waters Consortium to study the effects of the oil on the environment on **Monday, August 7 at 6:30 pm**.

A panel of CWC researchers, including Louisiana Universities Marine Consortium and Louisiana State University representatives, will join the viewing and discussion.
