Video Tutorial: [www.myscpl.org /ProgramsToGo](http://www.myscpl.org/ProgramsToGo)

Instructions

1. Using the Hot Glue Gun, glue one animal figurine onto the lid of each jar.
2. Place the sticker decals on the body of the jars (you may need to trim the edges to fit).
3. Using the Washi Tape, decorate the outside of the Cardboard Jewelry Box, and rim of the jars as desired.
4. Take out the cotton square from the cardboard box and put the post-it notepad in its new holder. For a more permanent placement, use hot glue to glue the back of the post-it notepad to the inside of the box.
5. Fill the jars as you like!
